I am currently completing a Higher Certificate in Mobile Application and Web Development at Emeris, with practical experience in Android development, web development and UI/UX design. I have built applications using Kotlin and Android Studio and worked with HTML, CSS and JavaScript for responsive web development. I also bring one year of international professional experience from Samtec Europe GmbH, where I developed strong analytical, organisational and problem-solving skills.

SKILLS

- Kotlin & Android Studio
- JavaScript & TypeScript
- React Native
- HTML & CSS
- Git & GitHub
- GitHub Actions
- Figma & UI/UX Design
- Responsive Web Design
- Problem Solving & Debugging
- Workday & DATEV
- Teamwork & Communication
- Visual Studio Code

LANGUAGES

English 

Afrikaans 

German 

SELECTED PROJECTS

• Campsite Commander

Android application built using Kotlin and XML with validation, calculations, summaries and intents.

• Web Development Coursework

Responsive web interfaces built using HTML, CSS and JavaScript.

• UI/UX Projects

Created user personas, wireframes and interface designs using Figma.

EDUCATION
